SUBJECT : IMPLEMENTATION AND INCLUSION OF THE CERTIFICATE OF
ORIGINALITY IN UNDERGRADUATE THESES

Dear Colleagues,

In our continuous effort to uphold the highest standards of academic integrity and institutional credibility, the Research and Development Office (RDO) is mandating the **immediate inclusion of the Certificate of Originality** in all undergraduate thesis manuscripts.

Purpose and Implementation

The Certificate of Originality serves as a formal declaration by the student researchers, duly attested by their respective advisers, that the work submitted is an authentic product of their own research. This document confirms strict compliance with the institution's policies on plagiarism and intellectual property.

To ensure a smooth transition and standardized implementation, we request the Research Coordinators to oversee the following:

- **Standardization:** Ensure that all students utilize the prescribed format for the certificate (see template attached). Please note that the section for "**Name of Researcher/s**" on the certificate shall bear the **names of the students only**.
- **Verification:** Confirm the presence of the signed and notarized certificate before the final binding and subsequent submission of the manuscript to the RDO and the College Library.

Placement in the Manuscript

For uniformity across all institutes and campuses, the Certificate of Originality must be placed in the preliminary pages of the thesis, specifically **following the Approval Sheet and preceding the Acknowledgment section.**
